

Stories from the 2020 Census

Douglas Johnson, President
National Demographics Corporation

Sept. 24, 2021

1

California

- State grew, but only by 6.13%
 - 2010: 37,253,956
 - 2020: 39,538,223
- State lost non-Hispanic White population (declined -8.30%)
- Lost African-American population (declined -2.06%)
- Gained Hispanics (grew by 11.17%)
- Asian-Americans were fastest-growing single group (grew 25.21%)
- “Other” grew faster than any single racial or ethnic group (+161%)

Latinos and Non-Hispanic Whites flipped as the largest ethnic group in California (39% vs 35% in 2020; 35% vs 38% in 2010).

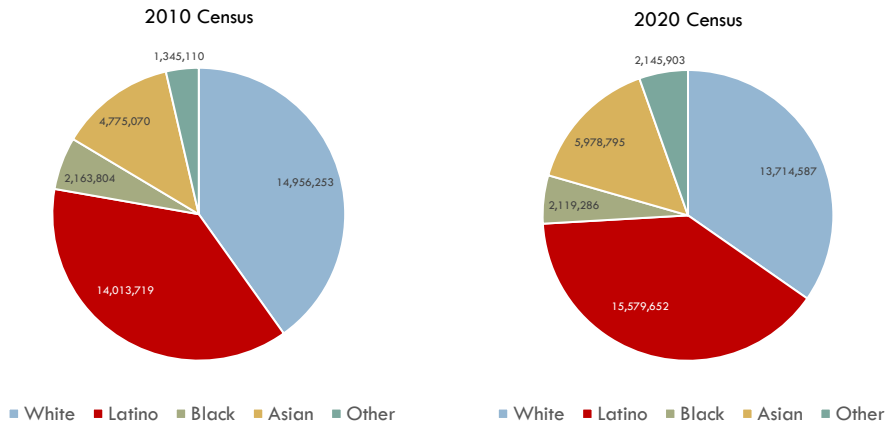

All numbers cited are “Non-Hispanic”

Sept. 24, 2021

2

California

“Other” now outnumbers “Black / African-American”

Congressional Representation

Year	Seats	Change
1849 – 1865	3 at large seats	n/a
1865 – 1973	3 districts	n/a
1870	4	+1
1880	6	+2
1890	7	+1
1900	8	+1
1910	11	+3
1920	No US reapportionment (But CA Pop grew 50%)	
1930	20	+9
1940	23	+3
1950	30	+7
1960	38	+8
1970	43	+5
1980	45	+2
1990	45	+7
2000	52	+1
2010	53	0
2020	52	-1

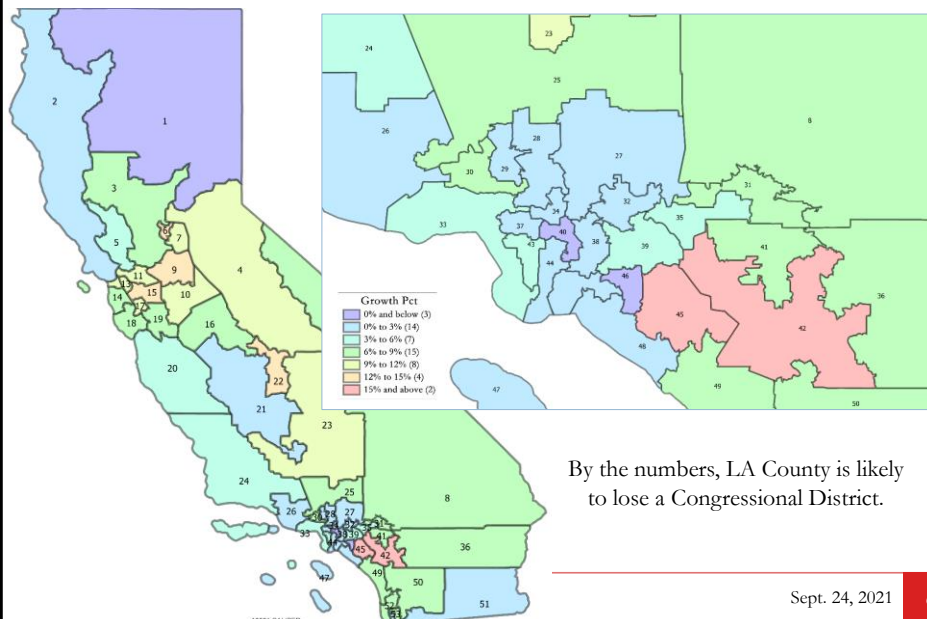

Texas is the next-largest delegation at 38 (+2)

Congressional Districts

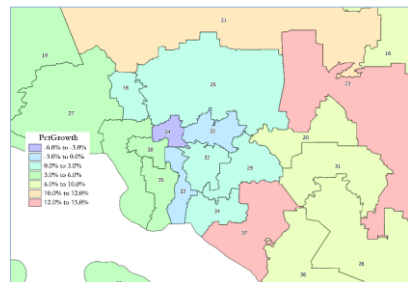

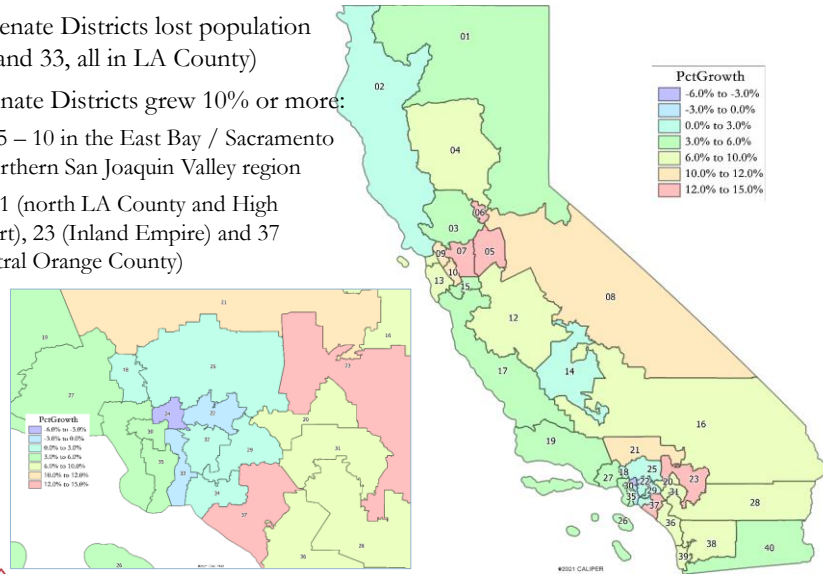

- Three Districts lost population
 - ▣ CDs 1 - LaMalfa, 40 – Roybal-Allard and 46 - Correa
- Fastest-Growing:
 - ▣ CDs 42 (Calvert) and 45 (Porter), at 15.5% and 15.8%
- Most-Latino: CD40 (Roybal-Allard), at 87%
- Least-Latino: CD33 (Lieu), at 13%
- Most-White:
 - ▣ Northern CDs 1 (LaMalfa) and 4 (McClintock) are the most-White (72% and 70%)
- Least-White:
 - ▣ CDs 44 (Barragan – 6%) and 40 (Roybal-Allard – 4%)

CD Growth Rates

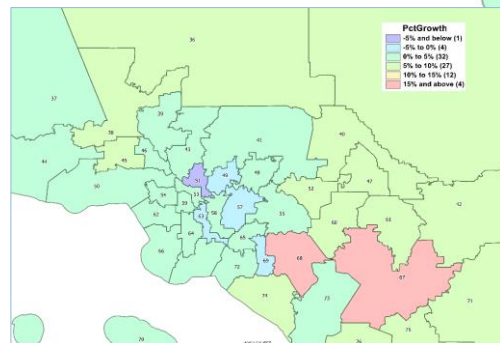

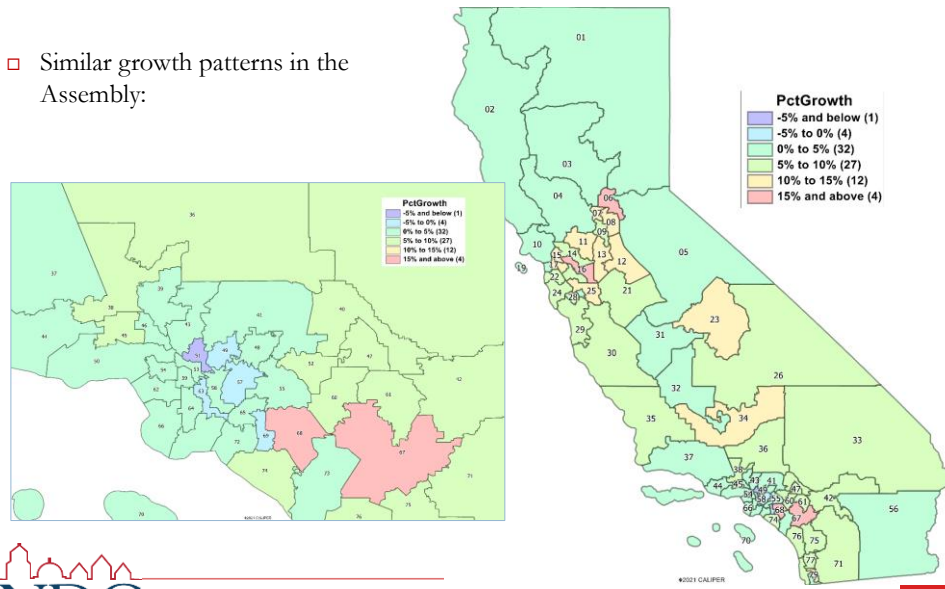

State Senate Districts

- Three Senate Districts lost population (22, 24 and 33, all in LA County)
- Nine Senate Districts grew 10% or more:
 - SDs 5 – 10 in the East Bay / Sacramento / Northern San Joaquin Valley region
 - SD 21 (north LA County and High Desert), 23 (Inland Empire) and 37 (Central Orange County)

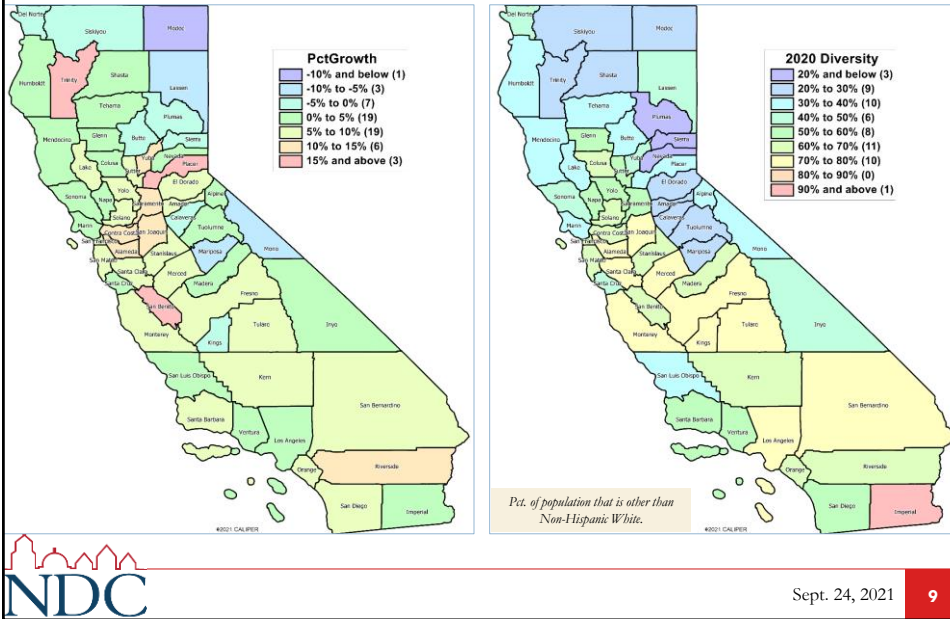

State Assembly Districts

- Similar growth patterns in the Assembly:

Counties

Cities

- Average City grew 5.81% - less than the state's 6.13%
- But the average City over 20,000 grew faster: 7.41%

Highest Growth

Name	Growth
Los Angeles	106,126
Irvine	95,295
San Diego	79,530
San Francisco	68,730
San Jose	67,298
Sacramento	58,455

Brentwood	64,292	12,811	25%
Manteca	83,498	16,402	24%
Roseville	147,773	28,985	24%
Rancho Cordova	79,332	14,556	22%
Oakley	43,357	7,925	22%
San Jacinto	53,898	9,699	22%
Gilroy	59,520	10,699	22%

For comparison, Buckeye Arizona grew from 50,876 to 91,502 (80% growth).

Data Questions

- More heavily-Latino areas appear to fall short of expected counts more than other areas

- Census Bureau’s “Count Resolution Program” offers relief for specific buildings missed (such as a dorm)
 - Takes years to confirm
 - Will not help with redistricting, but will help with federal and state funding
