CALL FOR NOMINATIONS

AWARD OF DISTINCTION HONORING WES McCLURE CALL FOR NOMINATIONS

MISSION

The City Manager's Award of Distinction was established by the Cal Cities City Managers' Department in order to recognize the values and principals deemed essential to our professional conduct. This award provides an opportunity to recognize an individual's outstanding career service, leadership, ethics, expertise and innovation in the field of city management as observed by their colleagues. The award is given to recognize those who make a difference to the profession.

AWARD DESCRIPTION

Wes McClure, former City Manager of San Leandro, passed away at the age of 94 on December 20, 2009.

Wes had many outstanding attributes, many that we should all strive to emulate, such as his ability to listen. Listening skills are hard to hone and incredibly important to your stature as a leader. His patience and skill in this regard contributed greatly to his successful career in working with city councils and the public.

His contribution to the City Management profession was substantial and continued significantly even after retiring from the City of San Leandro. Wes' contributions to the profession, the League of California Cities and the State of California included:

1. Serving as City Manager of the City of San Leandro for 28 years, leaving with the distinction of City Manager Emeritus.
2. Volunteering his assistance to the League of California Cities and International City Management Association; helped develop Governor Pat Brown's plan to re-organize the structure of state government.
3. Initiating the Range Riders program—a post-retirement initiative offering current city managers assistance.
4. Serving as Executive Director for the Alameda County Mayor's Conference.
5. Working with the Association for Bay Area Governments (ABAG) and other regional bodies to promote excellence in government services.
6. Working to develop the Municipal Management Assistants of Northern California (MMANC) in an effort to provide a forum and association for preparing the next generation of City Managers.
7. Advocating for the League of California Cities building project for the Sacramento Cal Cities offices.
8. Working to establish the Public Service Skills Initiative which provides temporary manpower support for cities in need of management and/or technical assistance personnel.
9. Inviting city managers and assistants to his private retreat on "Eucalyptus Island" in the Sacramento delta, for informal gatherings for managers to get together and have open discussions about any issue they wanted to discuss.
10. Facilitating the formation of the California City Management Foundation.

This award does not need to be presented on an annual basis but instead, whenever appropriate as needed to recognize outstanding individuals.
