Dear Ms. Coleman,

State Subventions for Fiscal Year 2024-25

Pursuant to subdivision (b), of Government Code section 7903, commencing with the 2021-22 fiscal year, city governments are required to include specified state subventions within their appropriations limits. Specifically, the attached spreadsheet identifies both the total dollar value of all these subventions (the "City Totals" tab) to be included within a city's appropriations limit for the 2024-25 fiscal year, as well as additional details regarding the dollar value attributable to each individual subvention (the "City Programs" tab). Column B of the "City Programs" tab provides specific statutory references to each subvention contained in subdivision (b), of Government Code section 7903.

The language contained in subdivision (b), of Government Code section 7903, requires each city to include the full value of these subventions within the city's appropriations limit for 2021-22 and each subsequent fiscal year. To the extent that any portion of the values identified for each city in the "City Totals" tab of the attached spreadsheet, would cause a city to exceed its appropriations limit, subdivision (d) of Government Code section 7903 requires the city to identify the specific amount attributable to these subventions in excess of their limit and report that information to the Department of Finance. The excess amounts that cannot be included in the city's appropriations limit will instead be included within the state's appropriations limit, pursuant to that subdivision.

To the extent the subvention amounts cause a city to exceed their limit in 2024-25, Finance directs cities to report any amounts pursuant to subdivision (d), of Government Code section 7903, for 2024-25 to the department by November 1, 2025. Cities should report this information via email to the following staff: Susan.Wekanda@dof.ca.gov and Matthew.Westbrook@dof.ca.gov.

Finance respectfully requests that you share this information with cities identified in the attachment to facilitate their compliance with the provisions of Government Code section 7903.

If you have any questions or need additional information regarding this matter, please contact Susan Wekanda, Principal Program Budget Analyst, at (916) 445-5332.
